Please join us for a positive, exciting, highly informative hands-on Seminar! You will learn the basics of training each exercise (Novice through Utility) as well as improve your skills as a trainer and handler.

Adele will discuss and demonstrate her training philosophy and techniques for developing and keeping a good attitude and accuracy in your canine partner. Adele's approach is to use a balance of food, toys and fun when teaching and fair corrections as needed. Ample time will be available on the floor to try out the techniques.
